

Agenda

-  1 UDS 2024
-  2 UDS+ FHIR Submission

HRSA – UDS FHIR 2024

2024 Calendar Year: UDS & UDS+ Reporting

All health centers are **required** to submit **aggregated** UDS data by **February 15, 2025**.

All health centers will be required to submit a minimum amount of **patient-level data (UDS+)** by **April 30, 2025**.

- Submit aggregated UDS data through EHBs, using the traditional submission method.
- Include all UDS tables and appendices.
- This will be the official submission of record.

- Submit UDS+ data via FHIR.
- Include only demographic data and 1 eCQM for **medical** patients.
- UDS+ submission supports system capacity building and progress towards full implementation.

EHBs will remain the submission of record.

UDS 2024 - Updates

UDS Eligible Visits

- CPT codes from Progress Notes or Claims (new)
- Clinical measures: Based on CQM Value Sets
- Additional CPT Codes For Demographic Reports
 - Use of CPT group to map additional CPT codes that are not part of CQM Value Set

Family Planning Screening

Appendix - E

Path: Progress Note or Telephone Enc > HPI > Family Planning > Reproductive Life Plan

- How many Health Center patients were screened for Family Planning Needs

- HRSA recommended 3 screening tools
 - SINC
 - PATH
 - One key Question

*Ref: <https://www.healthit.gov/isa/uscdi-data/pregnancy-intention-screening>

Family Planning Screening

Appendix – E: One Key Question

- Structured Data Question
 - Do you intend on becoming Pregnant within next year ?
 - Answers:
 - Yes, I want to become pregnant
 - I'm OK either way
 - No, I don't want to become pregnant
 - Unsure

Family Planning Screening

Appendix – E: PATH

- Structured Data Question
 - Are you considering having (more) children at some point in the future?
 - Yes, No, Not Sure (This is not boolean)
 - When would you like to have (more) children ?
 - Less than a year
 - 1-3 year from now
 - 3-5 years from now
 - more than 5 years
 - Have been trying for some time
 - no plans for future pregnancy

Family Planning Screening

Appendix – E: PATH

- How important is it to prevent pregnancy (until then) ?
 - Not as important
 - Important

Family Planning Screening

Appendix – E: SINC

- Structured Data Question
 - Do you want to talk about contraception or pregnancy prevention during your visit today ?
 - Yes, No (Boolean)
 - Do any of these apply to you ?
 - I am here for something else
 - This question does not apply to me
 - I prefer not to answer
 - I am already using contraception (and what)
 - I am unsure or don't want to use contraception
 - I am hoping to become pregnant in the near future

Demographic Mapping

Structured Data Mapping

The screenshot shows the Mapper interface with two panels: COMMUNITY and LOCAL. Both panels have a search bar with 'veteran' entered and a 'Start with' dropdown. The 'Section' dropdown is blank in both. Below the search bar are fields for 'Category' and 'Item', each with a 'Clear' button. At the bottom of each panel is a table of results.

Path	Name	Local link
	Veteran	B Veteran
HPI/Initial Assessmen...	Veteran's Benefits:	S Veteran's Benefits:

Path	Name	Master Link
	Veteran	B Veteran
HPI/Initial Assessment/So...	Veteran's Benefits:	S Veteran's Benefits:

Menu > Community Mapping

- Leave "Section" blank while searching for Demographic Structured Data for mapping

Demographics Reports

Table 3B: Race

Include in the Other Pacific Islander category patients who are Other Pacific Islander but for whom the granularity of their race is not known, as well as patients who select more than one of the Other Pacific Islander subcategories (e.g., Guamanian and Samoan).

- **What does that mean:**
 - Other pacific islander present but no detail.
 - Combo races of Other pacific Islander, Guamanian or Chamorro and Samoan

Demographic Reports

Table 3B: Race

- Report patients who select multiple races within the Asian or Native Hawaiian/Other Pacific Islander race categories on the “other” race line for that category. DO NOT report these patients on Line 6, More than one race.
- Report patients who select multiple Asian races (Lines 1a–1f) as Other Asian (Line 1g).
- Report patients who select multiple Native Hawaiian/Other Pacific Islander races (Lines 2a–2c) as Other Pacific Islander (Line 2d).

Demographic Reports

Table 4: Medical Vs Dental Insurance

- Only Medical Insurance
- Dental Insurance not counted.
- Patient Demographics > Insurance > Primary and Secondary Insurance (For dual insurances)
- Most Recent Insurance based on “Coverage End Date” (if present)

Table 6A

- ICD and CPT are updated to HRSA UDS 2024 manual
- Pre-Exposure Prophylaxis (PrEP)-associated management of all PrEP patients (line 21e)
 - Rx Group removed. This line is ICD-only.

Table 6B Sec – H: Statin Therapy

DENOMINATOR

- Denominator changed from 'active diagnosis of ASCVD' to 'previously diagnosed with or currently have a diagnosis of ASCVD'
- Age range for LDL-C \geq 190 mg/dL or diagnosis of familial hypercholesterolemia changed from ' \geq 20' to '20 to 75' years of age

Table 6B Sec – H: Statin Therapy

DENOMINATOR

-Removed: ICD-9 codes set removed from diabetes

-Added: New population added to denominator for 'patients aged 40 to 75 at the beginning of the measurement period with a 10-year ASCVD risk score of $\geq 20\%$ during the measurement

Table 6B Sec – H: Statin Therapy

Structured Data: 10 Year ASCVD Risk Score

- Path: Progress Note> Examination > Cardiology
- 10-Year ASCVD Risk Assessment
 - Questions
 - ACC/AHA ASCVD Risk Estimator, Result (%):
 - ACC Risk Estimator Plus, Result (%):
 - Answer : Numeric

Table 6B Sec – H: Statin Therapy

Structured Data: 10 Year ASCVD Risk Score

Examination ▶ Notes:10-year A... TEST, 1 🏠 Jul 12, 1972 (52 yo M) 📁 Acc No. 10262

Name	Value
<input type="checkbox"/> ACC/AHA ASCVD Risk Estimator, Result (%) ...	
<input type="checkbox"/> ACC Risk Estimator Plus, Result (%):	

Table 6b Section K (Line 20) - HIV Linkage to Care

Structured Data

Path: Progress Note or Telephone Enc > HPI > HIV Initial > Diagnosis Hx

- Was the Patient Screened for HIV ?

Yes Or No (Structured Text)

- Where was the patient first diagnosed with HIV ?

At this health center (and all its location)

At an outside healthcare facility (not affiliated with this health center)

6b Sec K(Line 20a): HIV Screening

EXCEPTION

- Added for patients who died on or before the end of the measurement period

6b Sec M: Sealants to First Molars

DENOMINATOR

- D0602 and D0603 are the only codes used for moderate to high risk for caries

UDS OB Reports (6B)

- began or were referred for care during the previous calendar year or in this calendar year and delivered during the calendar year, or
- began or were referred for their care in this calendar year but will not or did not deliver until the next year.

Patient does not need to have an encounter in reporting year if established in prior year AND delivered in reporting year → May see an increase in number

UDS OB Reports (6B and 7)

Structured Data : Comprehensive prenatal exam (new)

PHYSICAL		
Initial Physical Examination		
Name	Value	Remarks
Date	06/04/2024	
BP

Vagina		
Adnexa		
Diagonal Conjugate		
Spines		
Pubic arch		
Trimester of first visit if NOT with grantee	1	

Note: New column added for 2024 reports. It is mandatory for the answer to be 'Yes' for 2025.

UDS+ Update

eCW UDS FHIR Update

HRSA – eCW FHIR Testing

- HRSA - eCW UDS Synthetic sandbox testing (2024 IG)
Jan 31st : Passed
- 2024: Continued Data submission testing
- Not accepting Multi-source Submission for 2024

UDS+ FHIR 2024 Updates

HRSA – UDS FHIR 2024

2024 UDS+ Submissions
Due by April 30th, 2025

- 1 Submit data for your *medical* patients
- 2 Submit **all** the demographic tables data
 - **Table:** Patients by ZIP Code
 - **Table 3A:** Patients by Age and by Sex Assigned at Birth
 - **Table 3B:** Demographic Characteristics
 - **Table 4:** Selected Patient Characteristics

HRSA – UDS FHIR 2024

- 3** Submit **1 eCQM** from **one** of the clinical tables below:
- **Table 6B:** Quality of Care Measures
 - Breast Cancer Screening
 - Cervical Cancer Screening
 - Colorectal Cancer Screening
 - **Table 7:** Health Outcomes and Disparities
 - **Controlling High Blood Pressure***
 - Diabetes: Hemoglobin A1c (HbA1c) Poor Control (>9.0%)
- * Recommended measure*

HRSA – UDS FHIR 2024

- UDS+ 2024 submission FAQ

What if my UDS+ FHIR® data is inconsistent with my UDS data submission via EHBs?

- Health centers will not be penalized for any variations between data submitted using FHIR® and EHBs. The CY 2024 UDS+ submission will only include medical patients for many health centers, so HRSA expects the data to differ /

When will HRSA officially start UDS FHIR submission ?

- After Feb 15th

UDS FHIR in eCW

HRSA – eCW FHIR

- **UDS+ 2024 FHIR Submission**
 - Floor Measures
 - All demographics table : Zip Code, 3A, 3B, and Table 4
 - Clinical Tables :
 - 6B: Cervical Cancer, Breast Cancer Screening & Colorectal Cancer
 - 7: Diabetes & Hypertension
